

Emergency Response Alarms

Whether you are worried about falling, wish to let someone know if you're taken ill, or simply want the reassurance that you can summon help when things don't quite go right.

We can install a basic alarm unit with pendant that will give you 24 hour access to our friendly trained staff, who can summon the appropriate assistance quickly and efficiently.

Alarms and so much more...

DevonHomelink

helping you live life to the full

We offer our alarm service all for a weekly cost from £4.20 (+VAT) with **no installation charges** or upfront costs. Many of our customers do not need to pay VAT for health reasons.

If you combine the alarm with our Home Support (see opposite) we are able to offer a low price from £7.10 (+ VAT) per week for the two services.

Devon Homelink is available to anyone living in the North Devon District. There are no complicated forms or long waiting lists.

Just give us a call on **0800 083 7553** or check out our webpage at www.devonhomelink.com to see how we might be able to help you.

As a trusted provider of services in the area, we receive referrals from social services, GP's, Occupational Therapists and hospitals.

Better still, as a registered charity we aim to make sure that all the money we receive is re-invested into the service to help ensure we deliver true value for money. You pay no upfront or installation costs.

Alarms How it Works

The alarm unit requires a working telephone line connection using any provider, i.e. BT, Sky, Post Office, Talk Talk etc, and an electrical socket.

The pendant is water resistant which means you can wear it in the bath or shower, or on your wrist when washing up etc. It also has a range of up to 50m which covers most home and garden areas.

Home Support

We offer a Home Support service aiming to help people live independently in their own home. We appreciate that every customer has individual needs and preferences, so we take the time to get to know you and develop a plan that suits you. You can receive more information through our Home Support leaflet, or calling Devon Homelink on 0800 083 7553.

Tele Care

We offer a wide variety of specialist telecare equipment, designed to make your life easier and give both you and your family peace of mind, from fall detectors to smoke alarms and much more.

Key Safes

You do not need an alarm or home support for us to supply a key safe, we can supply and fit them for anyone in our area for a one off cost from £30 (+VAT). This 4 digit combination key safe can hold up to 5 standard house keys.

Please contact us now to arrange the purchase.
