# Personal Alarms

Giving independence to you and peace of mind to your family

# North Devon Homes

## helping you live life to the full

We offer our alarm service all for a low weekly cost with no installation charges or upfront costs. Many of our customers also do not need to pay VAT for health reasons, which can further reduce costs.

Our alarms are available to anyone living in North Devon or Torridge. There are no complicated forms or long waiting lists. Just give us a call on **0800 083 7553** or check out our webpage at [www.ndh-ltd.co.uk/alarms](http://www.ndh-ltd.co.uk/alarms) to see how we might be able to help you.

As a trusted provider of services in the area, we receive referrals from social services, GP's, Occupational Therapists and hospitals.

Better still, as a registered charity we aim to make sure that all the money we receive is re-invested into the service to help ensure we deliver true value for money. You pay no upfront or installation costs.

## Alarms - how it works

The alarm unit requires a working telephone line connection using any provider, i.e. BT, Sky, Post Office, Talk Talk etc, and an electrical socket.

The pendant is water resistant which means you can wear it in the bath or shower, or on your wrist when washing up etc. It also has a range of up to 50m which covers most home and garden areas.

## Telecare

We offer a wide variety of specialist telecare equipment, designed to make your life easier and give both you and your family peace of mind, from fall detectors to smoke alarms and much more.

Fall detectors do just that, you wear it on you at all times and if you have a fall it can detect that you are in trouble and raise the alarm for you. Our smoke and carbon monoxide alarms will not only sound, but will also send an alert to our central support centre to give you some added peace of mind should an emergency happen.

## Key Safes

You do not need an alarm or to be a customer of North Devon Homes for us to supply a key safe, we can supply and fit them for anyone in our area for a one off cost from £30 (+VAT). This 4 digit combination key safe can hold up to 5 standard house keys.

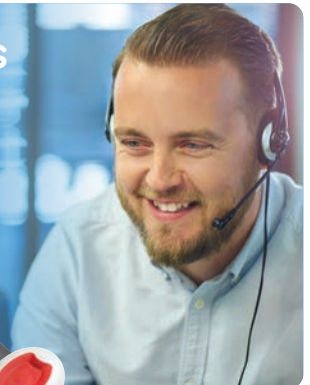

Please contact us now to arrange the purchase.

## Emergency Response Alarms

Whether you are worried about falling, wish to let someone know if you're taken ill, or simply want the reassurance that you can summon help when things don't quite go right.

We can install a basic alarm unit with pendant that will give you 24 hour access to our friendly trained staff, who can summon the appropriate assistance quickly and efficiently.

North Devon Homes is a registered charity based in Barnstaple.

As a local provider we can offer competitive pricing  
and no install fees for our alarms.
